

# Summer Clay Camp 2010

At

## The Pottery Place

We have lots of new projects planned for the budding clay artist.

Campers will work with a new theme and project each day. Many techniques will be taught in addition to the basic hand building skills. Campers will also learn how to tackle handles, lids, spouts, and much more. Each camper will be given instruction on the pottery wheel with a few turns throughout the week to try their hand at creating their own masterpieces.

All projects will also be glazed and fired. Some pieces will be ready for pick up by the end of the week. The remaining projects will need to be picked up the following week.
